

Upgrade Your Energy System with BESS Battery Energy Storage System Hvac Yes and Shipping in Container

Our Product Introduction

for more products please visit us on batteriesback-up.com

Basic Information

- Place of Origin: China
- Brand Name: QIYUAN
- Certification: UN38.3, IEC
- Model Number: GES-215KWH
- Minimum Order Quantity: 1
- Packaging Details: Container
- Supply Ability: 200 Units/Month

Product Specification

- Operating Temperature: -10~50 Degrees Celsius
- Warranty: Varies Depending On Model
- Module: 51.2V 105AH
- Capacity: Varies Depending On Model
- Dimensions: Varies Depending On Model
- Application: Energy Storage
- Technology: Lithium-ion Battery
- Communication Interface: RS485, Ethernet
- Highlight: **Shipping BESS Battery Energy Storage System,
Container BESS Battery Energy Storage System
, Hvac BESS Battery Energy Storage System**

Product Description

Product Description:

The BESS Battery Energy Storage System is an advanced solution for commercial energy storage systems, offering reliable and efficient power storage capabilities. With a communication interface that includes RS485 and Ethernet connectivity options, this system ensures seamless integration with existing energy management systems.

Designed to deliver impressive power output ranging from 50 to 500KW, the BESS Battery Energy Storage System is suitable for a wide range of applications, from small businesses to large industrial facilities. This flexibility in power capacity makes it a versatile choice for businesses looking to optimize their energy usage and reduce costs.

Operating within a temperature range of -10 to 50 degrees Celsius, the BESS Battery Energy Storage System is built to withstand varying environmental conditions, ensuring reliable performance year-round. This durability and resilience make it a dependable choice for businesses operating in diverse climates.

Depending on the specific model chosen, the BESS Battery Energy Storage System comes with a warranty that varies to provide customers with peace of mind regarding product quality and longevity. This warranty coverage ensures that customers can confidently invest in this energy storage solution for their long-term energy management needs.

When it comes to dimensions, the BESS Battery Energy Storage System offers a range of sizes to suit different installation requirements. Whether space is limited or ample, there is a model available to fit the specific dimensions of the installation site, making it a versatile choice for a variety of commercial settings.

Features:

Product Name: BESS Battery Energy Storage System

Communication Interface: RS485, Ethernet

Battery: LiFePo4 - 100Ah

Pcs Power: 50-500KW

Dimensions: Varies Depending On Model

Weight: Varies Depending On Model

Technical Parameters:

Weight	Varies Depending On Model
Module	51.2V 105AH
Capacity	Varies Depending On Model
Battery	LiFePo4 - 100Ah
Hvac	Yes
Warranty	Varies Depending On Model
Shipping	Battery In The Container
Communication Interface	RS485, Ethernet
Operating Temperature	-10~50 Degrees Celsius
Dimensions	Varies Depending On Model

Applications:

The QIYUAN GES-215KWH BESS (Battery Energy Storage System) is an all-in-one energy storage solution designed and manufactured in China. With certifications including UN38.3 and IEC, this product ensures high quality and safety standards.

With a minimum order quantity of 1 unit and packaging details in containers, the QIYUAN GES-215KWH BESS offers flexibility for various project sizes and requirements. The supply ability of 200 units per month ensures timely delivery and availability.

Equipped with communication interfaces such as RS485 and Ethernet, this energy storage battery system offers seamless connectivity for monitoring and control purposes.

The QIYUAN GES-215KWH BESS is ideal for commercial battery storage systems, offering reliable and efficient energy storage solutions. It is suitable for a range of applications including peak shaving, load shifting, and renewable integration.

Depending on the specific model, the warranty, dimensions, and weight of the QIYUAN GES-215KWH BESS may vary, providing options to suit different project requirements.

Customization:

Product Customization Services for the BESS Battery Energy Storage System:

Brand Name: QIYUAN

Model Number: GES-215KWH

Place of Origin: China

Certification: UN38.3, IEC

Minimum Order Quantity: 1

Packaging Details: Container
Supply Ability: 200 Units/Month
Dimensions: Varies Depending On Model
Communication Interface: RS485, Ethernet
Application: Energy Storage
Technology: Lithium-ion Battery
Weight: Varies Depending On Model

Support and Services:

The Product Technical Support and Services for the BESS Battery Energy Storage System include: -----
- Installation guidance and support
- System configuration assistance
- Troubleshooting and diagnostics
- Software updates and maintenance
- Performance optimization recommendations
- Training and educational resources
- Warranty coverage and support

Packing and Shipping:

Product Name: BESS Battery Energy Storage System -----
Description: The BESS Battery Energy Storage System is a cutting-edge solution for storing and managing renewable energy. It is designed to optimize energy usage and reduce electricity costs.
Package Contents: - BESS Battery Energy Storage Unit - Installation Manual - Warranty Information
Shipping Information: - Shipping Method: Standard Shipping - Estimated Delivery Time: 5-7 business days - Shipping Cost: \$50
