

Long-Lasting Lifepo4 UPS Battery 100Ah Capacity 54V Charge Voltage Ideal for -20-50C Operating Conditions

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: QY GEN
- Certification: UN38.3, IEC, MSDS
- Model Number: TE12
- Minimum Order Quantity: 100
- Packaging Details: Carton
- Delivery Time: 1-2 months
- Payment Terms: T/T, L/C
- Supply Ability: 2000-5000 per month

Product Specification

- Product Name: Lifepo4 UPS Battery
- Size: L*W*H=600*400*220mm
- Operating Temperature: 0-45
- Cycle Life: 4000 Times
- Warranty: 2 Years
- Discharge Voltage: 48V
- Application: UPS, Solar System
- Charge Voltage: 54V
- Highlight: **100Ah Lifepo4 UPS battery ,
54V Lifepo4 battery with warranty,
Lifepo4 UPS battery for extreme temperatures**

Product Description

Long-Lasting Lifepo4 UPS Battery 100Ah Capacity 54V Charge Voltage Ideal for -20-50°C Operating Conditions

Product Description

The LifePo4 UPS Battery is a reliable and high-performance power storage solution designed for a wide range of applications, including UPS systems and solar setups. With a discharge voltage of 48V, this battery pack ensures consistent and efficient power delivery to meet your energy needs.

Featuring a durable construction, this battery pack is built to withstand varying environmental conditions. It has a storage temperature range of -20-50°C, making it suitable for use in diverse settings without compromising performance.

Measuring at a size of 600×400×220mm, the LifePo4 UPS Battery offers a compact and space-efficient design, allowing for easy integration into different setups. Whether you are looking to power UPS system or enhance your solar energy system, this battery pack provides the reliability and efficiency you need.

Backed by a 2-year warranty, you can trust in the quality and durability of this battery pack. The warranty ensures that you have peace of mind knowing that your investment is protected, making it a cost-effective choice for long-term power storage solutions.

Features

Product Name: Lifepo4 UPS Battery

Storage Temperature: -20-50°C

Discharge Voltage: 48V

Max Charge Current: 200A

Max Discharge Current: 200A

Size: L×W×H=600×400×220mm

Technical Parameters

Parameter	Value
Storage Temperature	-20-50°C
Voltage	48V
Product Name	Lifepo4 UPS Battery
Cycle Life	4000 Times
Size	L×W×H=600×400×220mm
Weight	50kg
Discharge Voltage	48V
Warranty	2 Years
Max Charge Current	200A
Operating Temperature	0-45°C

Applications

The QY GEN TE12 LiFePO4 UPS Battery is a versatile and reliable power source suitable for a wide range of applications including:

Jump Start Lipo Battery for vehicles

12V LiFePO4 Lithium Battery for electronic devices

E Scooter Battery Pack for personal mobility devices

EV Battery Pack for electric vehicles

Customization

Customization services available for:

EV Lithium Battery Pack

12V LiFePO4 Lithium Battery

Model Number: TE12

Brand Name: QY GEN

Certification: UN38.3, IEC, MSDS

Minimum Order**Quantity:** 100**Delivery Time:** 1-2 months**Supply Ability:** 2000-5000 per month**Support and Services**

Our team provides comprehensive technical support for installation guidance, troubleshooting, and general product information to ensure smooth operation and customer satisfaction.
