

20ft Ess Container Varies Depending On Model Industrial and Commercial Energy Storage System for Benefit

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: QY
- Certification: UN38.3, IEC
- Model Number: GES100KW-215KWH
- Minimum Order Quantity: 1
- Packaging Details: Container
- Supply Ability: 200 Units/Month

Product Specification

- Weight: Varies Depending On Model
- Dimensions: Varies Depending On Model
- Capacity: Varies Depending On Model
- Cycle Life: Up To 6,000 Cycles
- Function: Backup Power, Peak Load Shifting
- Fire System: Yes
- Battery: LiFePo4
- Voltage: Varies Depending On Model
- Highlight: **20ft ESS container energy storage system, industrial commercial BESS battery storage, containerized energy storage system with warranty**

Product Description

20ft Ess Container Varies Depending On Model Industrial and Commercial Energy Storage System

Product Description

The BESS Battery Energy Storage System is a cutting-edge solution designed for industrial and commercial applications, offering top-of-the-line efficiency of up to 98%. This innovative system provides reliable backup power and peak load shifting capabilities, making it a versatile choice for a variety of settings.

The system comes in a 20ft container, ensuring easy installation and integration into existing setups. This compact design makes it ideal for facilities where space is limited, without compromising on performance.

Key safety feature includes a built-in fire system, providing protection for your valuable equipment and assets. The system offers customizable capacity options to suit different operational requirements.

Key Features

Product Name: BESS Battery Energy Storage System

Communication Protocol: Modbus, CAN, Ethernet

Battery Type: LiFePo4

Weight: Varies Depending On Model

Applications: Renewable Energy Integration, Grid Stabilization, Backup Power

Certifications: CE, UL, TUV

Technical Specifications

Parameter	Value
Model	Energy Storage System
ESS Container	20ft
Certifications	CE, UL, TUV
Efficiency	Up To 98%
Cycle Life	Up To 6,000 Cycles
Weight	Varies Depending On Model
Voltage	Varies Depending On Model
Communication Protocol	Modbus, CAN, Ethernet
Dimensions	Varies Depending On Model
Application	Renewable Energy Integration, Grid Stabilization, Backup Power

Applications

The QY BESS Battery Energy Storage System is a versatile solution suitable for:

- Renewable Energy Integration
- Grid Stabilization
- Backup Power applications
- Distributed Energy Storage Systems
- Commercial and residential energy management

Customization Options

Brand Name: QY

Model Number: GES100KW-215KWH

Origin: China

Certifications: UN38.3, IEC

Minimum Order Quantity: 1 unit

Packaging: Container

Supply Capacity: 200 Units/Month

System Capacity: Varies Depending On Model

Support and Services

Our comprehensive technical support includes:

Installation assistance

Troubleshooting and maintenance

System upgrades

Training programs

We are committed to providing quality support to ensure optimal system performance and customer satisfaction.
