

Uninterruptible Power Supply Battery Energy Backup Unit

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: QIYUAN
- Certification: UN38.3, IEC, MSDS
- Model Number: GES Series
- Minimum Order Quantity: 1
- Packaging Details: Container
- Delivery Time: 1-2 months
- Payment Terms: T/T, L/C
- Supply Ability: 200 Units/Month

Product Specification

- Life Cycle: 6000 Times
- Weight: 50-200 Kg
- Rated Voltage: 220/230/240VAC
- Voltage Range: 140~295VAC
- Installation: Rack/tower
- Battery Type: LFP
- Warranty: 5 Years Manufacturer Warranty
- Efficiency: >96%
- Highlight: **UPS battery backup unit,
uninterruptible power supply system,
energy backup UPS battery**

Product Description

Uninterruptible Power Supply Battery Energy Backup Unit

Product Overview

The UPS Battery System is a highly reliable and efficient Uninterrupted Power Battery System designed to provide seamless power backup during unexpected outages and fluctuations. Engineered with precision, this UPS Energy Backup Solution ensures that your critical electronic devices and systems continue to operate smoothly without interruption, safeguarding your valuable data and equipment from power disturbances.

Key Features

- Product Name: UPS Battery System
- Voltage Range: 140~295VAC
- Power Factor: 0.9
- Operating Temperature Range: -20°C to 50°C
- Warranty: 5 Years Manufacturer Warranty
- High-performance UPS Energy Storage Unit for reliable power backup
- Advanced UPS Battery Backup Module ensuring uninterrupted power supply
- Durable UPS Power Battery Pack designed for extended service life

Technical Specifications

Product Name	UPS Battery System
Life Cycle	6000 Times
Weight	50-200 Kg
Battery Type	LFP
Power Factor	0.9
Rated Voltage	220/230/240VAC
Voltage Range	140~295VAC
Terminal Type	Faston Tab
Installation	Rack/tower
Safety Features	Overcharge Protection, Short Circuit Protection

Applications

The QIYUAN GES Series Uninterruptible Power Supply Battery is designed to provide reliable and efficient power backup solutions in various applications including:

- Data centers and server rooms
- Industrial automation and control systems
- Hospitals and healthcare facilities
- Telecommunications infrastructure
- Commercial buildings and office environments

With a rated voltage of 220/230/240VAC and power factor of 0.9, this battery system delivers stable and consistent power to sensitive electronic equipment.

Customization Options

QIYUAN offers customizable Uninterruptible Power Supply Battery solutions with the GES Series, designed to meet diverse energy needs. Manufactured in China, these UPS Energy Storage Units operate efficiently within a voltage range of 140~295VAC and a rated voltage of 220/230/240VAC, ensuring reliable performance with an efficiency greater than 96%. Our systems are built to withstand operating temperatures from -20°C to 50°C, providing durability and stability in various environments. Backed by a 5 Years Manufacturer Warranty,

the QIYUAN GES Series guarantees long-lasting and dependable power backup tailored to your specific requirements.
