

## Optimized Long Lasting Energy Backup in Enterprise Environments

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: QIYUAN
- Certification: UN38.3, IEC, MSDS
- Model Number: GES Series
- Minimum Order Quantity: 1
- Packaging Details: Container
- Delivery Time: 1-2 months
- Payment Terms: T/T, L/C
- Supply Ability: 200 Units/Month

### Product Specification

- Voltage Range: 140~295VAC
- Efficiency: >96%
- Safety features: Overcharge Protection, Short Circuit Protection
- Product name: UPS Battery System
- Operating temperature range: -20°C To 50°C
- Installation: Rack/tower
- Life Cycle: 6000 Times
- Weight: 50-200 Kg
- Highlight: **enterprise UPS battery system ,  
long lasting UPS battery ,  
optimized energy backup system**

Product Description

Optimized Long Lasting Energy Backup in Enterprise Environments

Product Overview

The UPS Battery System is a cutting-edge Uninterruptible Power Supply Battery designed to provide reliable and efficient power backup for a wide range of applications. Engineered with advanced technology, this system ensures seamless power continuity during outages, protecting critical equipment and preventing data loss.

Key Features

- Life Cycle: 6000 Times
- Power Factor: 0.9
- Warranty: 5 Years Manufacturer Warranty
- Backup Time: 30 Minutes At Full Load
- Installation: Rack/tower configuration
- Advanced UPS Battery Management System
- Overcharge and Short Circuit Protection

Technical Specifications

Parameter	Specification
Installation	Rack/tower
Terminal Type	Faston Tab
Backup Time	30 Minutes At Full Load
Operating Temperature	-20°C to 50°C
Warranty	5 Years Manufacturer Warranty
Weight	50-200 Kg
Battery Type	LFP
Life Cycle	6000 Times
Nominal Voltage	240V
Safety Features	Overcharge Protection, Short Circuit Protection

Applications

The QIYUAN GES Series UPS Battery System provides reliable uninterruptible power backup for diverse applications including:

- Data centers and server rooms
- IT infrastructure and telecommunications
- Medical facilities and hospitals
- Manufacturing plants and industrial settings
- Office environments and commercial spaces
- Residential backup power solutions

Customization Options

QIYUAN offers customizable UPS Battery System solutions from the GES Series to meet diverse power backup needs. Our systems feature efficiency over 96% and flexible installation options in both rack and tower configurations. The Uninterruptible Power Battery Pack is available with nominal voltage of 240V and weight range between 50-200 Kg, providing tailored power protection for your specific requirements.
